0 of 0 review helpful Fantastic art but missing something By C Z Anderson As a collector of Art books I was quite excited to see that this book was made for these films Weta Workshop the award winning special effects group that brought movies like The Lord of the Rings to the big screen Always astound me with their attention to seemingly

unimportant details and this book does not fail in this regard However I must Discover the genius behind the world of Narnia and how it was brought to the big screen ldquo A coffee table book for insatiable fans of all things Narnia Looking at the first two movies in the series this is a fantastically detailed book rdquo Faithfulreader com From the Back Cover Written and desi
