1 of 1 review helpful My hero By Readaholic I am of Hungarian descent and I proudly claim Attila as one of my own I think he got a bad rap History is the chronicles of what happened in the eyes of the victor And most of what we know about Attila is from Roman history I found it ironic that the Romans call Attila a barbarain Seems to me the Romans fed Christians to the lions had gladiators fight to the death for e The dawn of the 5th century AD and the Roman Empire totters on the edge of the abyss Already divided into two the Imperium is looking dangerously vulnerable to her European rivals The huge barbarian tribes of the Vandals and Visigoths sense that their time is upon them But unbeknownst to all these great players a new power is rising in the East A strange nation of primitive horse warriors has been striking terror on border peoples for fifty years But f ldquo If you think you don t like historical fiction you haven t read William Napier rdquo The Times UK ldquo William Napier has a genius for making the blood dimmed chaos of ancient history into the very stuff of thrilling narrative rdquo
