0 of 0 review helpful Great Christian Family Reading By Blessed by Jesus This set of books is definitely on the top of our list of favorites We have seven children and read these aloud to ages 5 and over and the children have read them on their own The messages in each book are wonderful the writing is dynamic and the discussions that they generate are priceless We highly suggest these books to friends that are sea Book 4 in series The Dragon Tournament draws young people by the thousands Admission is free but what price do the participants really pay When sixteen year old Joel of Seawell the son of a peasant fisherman receives an invitation to the Tournament he is thrilled beyond words Too late he learns the terrifying secret of the Isle of Dragons Captive in a hostile land Joel gives up all hope certain he will never again see his home or experience the happy life
