0 of 0 review helpful Profound and powerful By A C I couldn t wait to read the 3rd book in the trilogy and I couldn t put it down once it arrived The imagery in this series is candy for the imagination Not only is it a great read but the

spiritual truths found within are quite profound Since finishing it I ve found myself seeing things from a new more insightful perspective and acting on that new perspective This Dead stones and stars lie shattered on the ground and the skies are filled with foulings Mourn and wail friends of Salem The Feast has come at last Yet as the kingdom shudders at the falling of the walls one rises up wearing more pouches than anyone has ever seen
