53 of 53 review helpful One Man against the rest By JOHN R A fast moving and believable story The main character wanted to be left alone and the bad guys who should have been the good guys are out to get him no matter the cost Good attention to detail and realistic Of about 100 books that I ve read in 12 months this author is one of only 4 authors where I ll be actively getting more of their books to read 20 of 21 An incredible national security secret more than two decades old An intrepid tireless reporter seeking the truth A CIA hunter killer group who will stop at nothing to silence the story This is the book you ve been looking for a deep dark conspiracy that should delight those who loved the Jason Bourne movies as well as fans of authors Vince Flynn Tom Clancy and Stephen Hunter You won t believe what happens when If you re a fan of Stephen Hunter s books and wronged man seeks bloody retribution against powerful scumbags who deserve to die stories in general you re going to really enjoy Sold Out Highly recommended nbsp Jack Badelaire The Post
