1 of 1 review helpful Amazing Heart touching Eye opening A whole new perspective By Crystal Cole An amazing eye opening book that is written from the perspective of an Angel in heaven This book is so beautifully written you will feel that you are witnessing the biblical events in person Eye opening heart touching and breath taking are just a few words that describe the way the Angel narrates events as they happen on God is not who you think He is Begin your journey by discovering when God wept when God smiled when God became a man when God wrote when God danced when God poured out when God answered The Scribe s Letters are events that happen on earth written from an angel s point of view nbsp If you have ever wondered about the heavenly realm then you will find the book intriguing and full of thought provoking truth Comments from readers Alan Brents
