By George Macdonald : Paul Faber, Surgeon the loch ness monster or nessie is an aquatic being which reputedly inhabits loch ness in the scottish highlands it is similar to other supposed lake monsters in ariel faber published ariel on 11 march 1965 harper and row published it in june 1966 sylvia plath ordered ariel differently at the time of her death Paul Faber, Surgeon:

2 of 2 review helpful Second in the Wingfold trilogy By L Braun This is the second book in the Thomas Wingfold trilogy The third book is There and Back As someone else said all three stories stand alone and it doesn't matter what order you read them in Thomas Wingfold introduces Polwarth a dwarf with questionable theology e.g. he tells a story that suggests he believes in reincarnation and his ni Bears like all the author writes the stamp of genius a commonplace remark but it sets the book apart by itself which is what we intend and for another reason we shall take it as heading a whole class of novels Paul Faber is a surgeon who marries a casual patient of great beauty and intelligence After marriage she confesses that she had a past of a certain kind when she was much younger Paul himself has had a past also but he cannot at first forgive About the Author George MacDonald was a Scottish author and minister best known for his fairy tales and fantasy novels A theologian MacDonald was pastor of Trinity Congregational Church in Arundel before moving to London to teach at the University of London M
